Following on last year's Drama camp successes, First Light will again join forces with the River Run Centre in presenting a 2 week Summer Theatre Programme. Students receive their scripts on the first day and present the play on the last day in the theatre. An intense drama experience! Lots of drama games and exercises are used to teach skills and build confidence.

ONTARIO TRILLIUM FOUNDATION FUNDED ANTI-BULLYING PROGRAMME COMPLETED!

First Light Theatre has successfully completed its anti-bullying play programme which was held in 6 local schools. Students from each school learned and performed a play about bullying to their fellow students while teachers worked with their classes on topics from the play. Ideas for teachers were provided in the Classroom Activity Manuals which were written and distributed by First Light. In all, approximately 2000 Guelph students participated in this programme. Thanks and congratulations to all of our dedicated Directors of this worthy project!
